

## Digitized Newspapers

For the past few years the Broadwater County Historical Society Board of Directors have been working on getting all of the Broadwater County newspapers digitized and put online. To date we have completed the following newspapers that have been published in Broadwater County:

### Townsend

- [The Broadwater County Citizen](#)
- [The Broadwater Opinion](#)
- [The Townsend Forum](#)
- [The Townsend Forum and Townsend Messenger](#)
- [Townsend Inter-Mountain](#)
- [The Townsend Messenger](#)
- [Townsend Star](#) through 1933
- [Townsend Tranchant](#)

### Winston

- [The Winston Prospector](#)

### Toston

- [Crow Creek Journal](#)
- [Missouri Valley Index](#)
- [The Toston Times](#)

Soon we will be adding to the "Townsend Star".

#### How to access these newspapers

Most of you are much more technically savvy than I am. PLEASE KEEP THAT IN MIND AS YOU FOLLOW MY INSTRUCTIONS. They are meant to be as simple as possible!! Access the <http://montananewspapers.org/> site. You will be able to select how you wish to do your search, by Title, Location or Date. This site is pretty user friendly – if I can maneuver it, you can. Once you have accessed the newspaper you wish to search, you can search it by date/s, page number, name, etc.. If you enter a name, phrase etc. it will be highlighted in pink. I use the snipping tool on my computer to "cut out" an article and then I paste it into a word document. I have not "explored" the site a lot, but I do find it pretty user friendly, as I said. Keep in mind that these are pictures of the newspaper pages and what you see is what you get. If the original newspaper page is dim, the picture will also be dim, so unfortunately, some of the pages may be difficult to read.
