Freshmen initiation at Broadwater County High school has been postponed we are informed because the floor of the gymnasium is undergoing a second coat of varnish. It is customary after the frosh are put thru the ropes during the day to give them a dancing party in the evening. The gym looks fine with a complete repaint and redressing job in the hands of Janitor Brisbin. It is a credit to the school to see the well-kept and tidy condition of this part of the building.

Jack Poole returned from Yellowstone Park Tuesday. He said he left at least a foot of snow in parts of the park which was deserted for the most part after the heaviest tourist travel the park had ever known. There were 169 bus drivers.
