

# Big Sky Big Leadership

A statewide leadership class offered  
in Broadwater County.

---

## 2024-2025 APPLICATION PACKET

*"The greatness of a community is most accurately measured by the compassionate actions of its members."*

-- Coretta Scott King

### **Welcome to *Big Sky, Big Leadership, Broadwater County!***

This program is a statewide community leadership initiative developed by MSU Extension and offered at the county level. It seeks to address the need for leaders in rural communities and help participants develop skills, increase understanding of local community dynamics and improve community awareness of local issues.

### **Program Goals**

- Identify, educate and motivate emerging leaders to serve.
- Increase awareness and understanding of the county's needs and resources.
- Develop social capital among class participants.

### **Participant's Perspective**

- **Learn** - Broaden your understanding and appreciation of issues and opportunities within Broadwater County and how you can personally and professionally benefit from being involved.
- **Engage** - Experience our county through innovative, fun, interactive sessions at various venues throughout the county.
- **Develop** - Challenge yourself as an individual to enhance your overall leadership skills.
- **Connect** - Establish relationships with a diverse group of people you otherwise might not have met to develop friendships and working partnerships.
- **Act** - Make a difference. Develop a personal commitment to become involved with projects and organizations in your community.

## Program Components

- **Leadership Skill Development** – This is the fundamental part of the program. Leaders must increase their own capacity to successfully deal with growing complex issues. Sessions will use interactive techniques to engage participants in a variety of topics including leadership styles, personality types, emotional intelligence, communication, understanding generations and conflict management.
- **Community Experience** – The community experience provides participants with the opportunity to increase their awareness and understanding of the local community resources and issues. Each session provides either an on-site visit to a location, guest speaker or a panel to present critical information on a topic. Topics include agriculture, local government, county growth, education, manufacturing, natural resources and mining.
- **Group Project** - The third core component is the group project. Participants are challenged to plan, implement and evaluate a project that benefits the community and engages all participants. The purpose of the project is to utilize the skills learned and to reflect on knowledge gained through the community experiences to create a project that positively impacts the community.

## Program Logistics

The program will start **Friday, September 13** in Townsend and include nine sessions from September through May. The program will take place on the second Friday of every month at locations across Broadwater County including Townsend, Radersburg, Toston, Wheatland and Silos/Winston. Each session will run approximately from 9:00 AM – 4:00 PM. Participants are expected to attend and actively participate in a minimum of **five** sessions. However, the more you participate, the more you will gain from the program!

**Cost:** The tuition is \$175 per person. Scholarships are available. Also consider asking your employer for professional development financial assistance.
